# Hugo Lebeau

hugo.lebeau@univ-grenoble-alpes.fr • hugolebeau.github.io • +33 624 687 985 French, born in Amiens, 26 years old *Family and environmental considerations influence my career choices.* 

### Research topics (PhD)

My PhD work is based on the **theory of large random matrices**, which serves as a tool to provide insights into complex learning tasks on large-dimensional data such as data stream clustering, multi-view clustering and time-varying clustering. Most of the models considered fall within the study of **large random tensors** and their low-rank approximations.

### Education

2021 - 2024	Université Grenoble Alpes – Laboratoire d'Informatique de Grenoble, France
	PhD – Random Matrix and Tensor Models for Large Data Processing
	"Teaching in Higher-Education" track.
	Supervision: Romain Couillet, Florent Chatelain.

- 2020 2021 **ENS Paris-Saclay** Gif-sur-Yvette, France *Master MVA* – Mathematics, Vision and Learning With honors of the jury.
- 2017 2021 ENSTA Paris Palaiseau, France
  Diplôme d'Ingénieur Applied Mathematics, Optimization and Data Science
  Ranked in the top 5% among 150 students.

### Publications

- 2024 Asymptotic Gaussian Fluctuations of Eigenvectors in Spectral Clustering Hugo Lebeau, Florent Chatelain, Romain Couillet. Submitted to *IEEE Signal Processing Letters*.
- 2024 A Random Matrix Approach to Low-Multilinear-Rank Tensor Approximation
  Hugo Lebeau, Florent Chatelain, Romain Couillet.
  Submitted to *Journal of Machine Learning Research (JMLR)*.

2024	Performance Gaps in Multi-view Clustering under the Nested Matrix-Tensor Model Hugo Lebeau, Mohamed El Amine Seddik, José Henrique De Morais Goulart. International Conference on Learning Representations (ICLR).
2023	HOSVD Tronquée : Analyse d'une Approximation Tensorielle Rapide Hugo Lebeau, Romain Couillet, Florent Chatelain. <i>Colloque GRETSI</i> .
2022	Une analyse par matrices aléatoires du clustering en ligne : comprendre l'impact des limitations en mémoire Hugo Lebeau, Romain Couillet, Florent Chatelain. <i>Colloque GRETSI</i> .
2022	A Random Matrix Analysis of Data Stream Clustering: Coping With Limited Memory Resources Hugo Lebeau, Romain Couillet, Florent Chatelain. International Conference on Machine Learning (ICML).
April 2021 – September 2021	Research experience Research Internship in Machine Learning – GIPSA-lab, UGA Supervision: Romain Couillet, Florent Chatelain. Analysis of online learning using random matrix theory.
March 2020 – July 2020	Research Internship in Image Processing – CEA, Saclay, France Supervision: Antoine Drouart. Implementation of proximal algorithms to improve the quality of industrial neutron imaging.
May 2019 – June 2019	<b>Research Internship in Statistics</b> – Politecnico di Milano Supervision: Laura Maria Sangalli. Statistical and numerical methods for functional data on complex multidimensional domains.
0	Teaching experience
– Spring 2022 2024	Teaching assistant, Random Matrix Theory and Machine Learning (ENS Paris-Saclay, Master MVA)

Graduate level – 9 hours Introduction to the theory of large random matrices and their applications to machine learning.

Fall 2021 – 2023	<b>Teaching assistant, INF103: Introduction to Artificial Intelligence (UGA)</b> Undergraduate level – 18 hours Introduction to basic concepts of machine learning: datasets, classifiers, training, per- formance evaluation, data processing.
Spring 2023 – 2024	<b>Teaching assistant, STA401: Statistics and Probabilities (UGA)</b> Undergraduate level – 18 hours Basics of probabilities, standard probability laws, descriptive statistics, estimation, hypothesis testing.
Fall 2022	Teaching assistant, Introduction to Machine Learning (Grenoble INP, ENSE <sup>3</sup> & Master MARS) Graduate level – 18 hours Overview of the main tools in machine learning: model assessment, discriminant analysis, PCA, GLM and penalization, clustering with EM and <i>k</i> -means, trees and random forests, deep learning.
Spring 2022	<b>Teaching assistant, INF201: Functional Programming (UGA)</b> Undergraduate level – 36 hours Introduction to functional programming with OCAML. <b>Industry experience</b>
September 2019 – February 2020	<b>AXA Climate (Data Scientist Internship)</b> – Paris, France Weather data modeling and risk assessment for parametric insurance pricing.
August 2018	<b>Hotel Mikazuki (Internship)</b> – Katsuura, Japan Daily bed-making.

# Talks and tutorials

June 2023	Truncated HOSVD: A Random Matrix Analysis INFORMS APS Conference
November 2022	A Random Matrix Analysis of Data Stream Clustering: Coping With Limited Memory Resources 3IA Doctoral Workshop

Technical skills

### **Programming languages**

Proficient in: Python Familiar with: R, MATLAB, C, C++, OCaml

### Software

ĽAT<sub>E</sub>X, Git

#### Languages

English (fluent), French (mother tongue), German (B2), Japanese (A2)

## Other interests

I love trail running and regularly practice triathlon (swimming, cycling, running). I enjoy hiking and play the piano at a basic level, mostly for myself.
